Do you think  
a thumb is pitiful?

Why so?

Look! It's not as long as the others.  
Its shape looks tubby.

Far away from others.  
Plus, thumb has fewer knuckles.

Don't see it as pity.  
Thumbs can also do a lot.  
It can do some things  
even better than other fingers.

It's also a finger.  
Works well with others.

Same as people with disability.

No need to pity us, just help each other as a fellow human.

**Just  
the same  
human  
beings.**

Long ago, the five fingers often compared.  
Human beings are different but need one another.  
People with disability are among the diversity.  
There are white-yellow-black-fat-skinny people.  
There are People with disability and without disability.
